

SCHOOLS PACK

What is Platinum Jubilee?

The UK and Commonwealth will mark the Queen's Platinum Jubilee with a 4-day Bank Holiday from 2-5 June 2022. The Platinum Jubilee celebrates the Queen's 70-year reign, which began on 6th February 1952. Schools are in an ideal place to host community events for national celebrations like this.

To find out about activities and resources for other ages and stages for this celebration please visit:
www.theplatinumjubilee.com

Why Platinum Jubilee schools?

The purpose of Platinum Jubilee Schools is help inspire young people to follow the Queen's example in serving her country, to help them develop strong, positive values and to raise their aspirations.

We believe young people are full of creativity, passion and energy. We want to partner with schools to see young people learn, grow and serve their communities and schools.

We want to serve your school in the best way possible, partnering with you as a school and school staff member,

We want to see the next generation of leaders in our nation raised up to be people who serve others and who go on to inspire generations to come!

What we offer

Lessons

Serving within the RE and SMSC curriculum - we can deliver these specific lessons from a Christian point of view, taking part in a teacher's lesson or leading the lesson fully.

Relational focused clubs

Either breakfast, lunch, break or after school - we can run clubs that create a safe and inclusive space, for anyone of any faith or no faith, to engage in a constructive activity that is also designed to have a religious or spiritual focus.

Assemblies

Collective worship / assembly sessions which include fun talks and interactive, interesting and challenging activities – we can help the whole school / year group reflect on the Queen's life of faith and service.

Benefits of Platinum Jubilee Schools

At the end of the Platinum sessions there will be many who have gained experience, confidence and guidance. The goal of the Platinum Jubilee Schools resource is to help create a culture of service, adding to community life within the school. The sessions will enable students to learn and develop positive values. We also seek to add to the schools' SMSC curriculum as well as encouraging students to be involved in social action within the school and their community.

It will support the following British values:

- 👑 Enable students to develop their self-knowledge, self-esteem and self-confidence.
- 👑 Encourage students to... show initiative, and to understand how they can contribute positively to the lives of those living and working in the locality of the school and to society more widely.
- 👑 Further tolerance and harmony between different cultural traditions by enabling students to acquire an appreciation for and respect for their own and other cultures.
- 👑 Encourage respect for other people.

Your next steps...

If your school would like to participate in the Platinum Jubilee Schools project, please contact us via e-mail office@hopetogether.org.uk or phone 01788 542782.

From there, a member of the team will contact your school to arrange a meeting with you or another staff member and, depending on your preference, to organise the session / lesson schedule.

In the meantime...

Before the meeting, it would be beneficial for the school to be thinking about the following details:

- 👑 Where/when will it work best for the sessions / lessons to be held?
- 👑 Which year groups, if not all, would benefit most?

We are excited about this opportunity to work with you to see young people grow and develop through serving others. By working together, we can raise up this generation of enthusiastic and servant-hearted young people in our area.
